

HOGANTEC inc.

NATIONAL TELE/ELECTRIC CONSTRUCTION
4810 Ellestad Drive Madison, Wisconsin 53716
PHONE: 608-271-1058 FAX: 608-271-1086

A tower technician at Hogantec, Inc. assists in the installation of wireless communication systems for various cellular carriers. This includes but is not limited to, safely assisting in the construction of new cellular towers as well as the equipment installation, maintenance and upgrades to existing towers. The position involves working at heights on towers and other structures such as water tanks and rooftops. The position involves climbing, physical labor, working outdoors year round and the use of hand and power tools. Travel throughout Wisconsin and other parts of the upper Midwest is required.

Hogantec, Inc. invests in our employee's growth by providing in-house training & certifications for all the required safety and technical training to include:

- Tower Competent Climber
- Tower Rescue
- NWSA TTT1/TTT2
- Tower Rigging
- Capstan Hoist Operations
- OSHA 10/30
- First Aid/CPR
- Bloodborne Pathogens
- RF Awareness

Hogantec, Inc. also provides a generous benefits package including health/dental insurance, signing bonuses, yearly bonuses, 401k, and per diem to name a few.

If you are a safety conscious, team oriented, motivated individual with a positive attitude and a drive to learn and advance in your career, send us your resume!
