

# youth APPRENTICESHIP

JP Cullen launched our Youth Apprentice (YA) program in 2015 and have partnered with over 10 school districts in Rock County, Dane County and Milwaukee County since. Our YA program is a great opportunity to learn from experienced veterans. Throughout the program, students will participate in trainings on teamwork, leadership, and learn what it means to be a professional.

## REQUIREMENTS

- » Entering senior year of high school
- » Minimum 450 hours of work based learning
- » Two semesters of related classroom instruction
- » End by August 31<sup>st</sup> after graduation

## QUALITIES

- » Good communication skills
- » Willingness to learn and passion for building
- » Dedicated with strong work ethic
- » Good physical condition to perform the work
- » Works well in team setting
- » Reliable transportation

## WHY

- » Opportunity to explore careers in construction and learn in a hands on environment
- » Start earning money the summer before high school graduation and prepares you to start making money right after graduation rather than building student loans
- » Construction workers can earn more money than new college graduates
- » Completing your apprenticeship gives you over 50% of the credits you need to earn your Associates Degree at select Junior Colleges in Wisconsin
- » Hours worked as a Youth Apprentice can be applied towards registered apprenticeship hours
- » We are dedicated to personal development, family and community

**HEAR FROM OUR EMPLOYEES**

"I've been with JP Cullen for 20+ years, the company has changed a lot since I started. **One of the big things that I like about JP Cullen is the family atmosphere.** The opportunities that they have given to me have help me grow as a person."  
 - Samay Bin, Mechanic

"My coworkers are awesome and fun to work with. I get to enjoy being outside all day. There are so many different aspects of ironwork, **every day I learn something new** and continue to grow in my career. Not to mention the views - **theres nothing like starting your day watching the sun rise from the top of a building!**"  
 - Haley O'Leary, Ironworker
